The Hon. L. H. CHANDLER, District Attorney for Eastern Virginia, has addressed a letter to the Secre ary of War requesting that the Commandant of Fortress Monroe be ordered to obey Judge UNDERWOOD'S Writ for Mr. DAVIS.

WASHINGTON, May 6 .- A petition favoring the pardon of Mr. Davis, was started here, but met with little favor among his nearest friends. It is well understood that Mr. Davis has not made, and it is said on good authority, he will not make any extra judicial appeal under any circumstances.

WASHINGTON, May 6 .- General ROUSSEAU has been ordered to the command of the Northwestern Wilitary District embracing Oregon and Washington and Montana Territories.

Supreme Court.

Washington, May 6 .- In the Supreme Court, in the case of the Grey Jacket and cargo, the decision of the lower Court was confirmed, condemn ing her as a prize, The Court held that there was no proof that the claimant was of the class accepted by the proclamation of the President in December 8, 1863. His own affidavit is not sufficient to establish the negation required to be proven. Both the proclamation and the substitute of July 17, are silent as to maritime captures like the present, but the proclamation will not be held in any case to extinguish the liabilities of a vessel and cargo running the blockade and seized in the act of so doing. The Court also holds that there is no ground for an order of further proof, the claimant has forfeited his right to such an order by fraud, and the evidence, as it exists, is satisfactory to the Court.

The order of the Secretary of the Treasury, re mitting the forfeiture, does not affect the case, and if he does so his acts are void. The case has no feature which recommends it to the Court, or which redeems it in any respect.

The lower Court decisions in the cases of the brig Dashing Wave and the bark Science, both from the Eastern District of Louisiana, were con-

The decree of the same Court, in the case of the brig Volante, was reversed and restitution ordered. In the case of the bark Gerisita, from the same Court, was affirmed. The Court ordered the captors to pay costs and expenses.

WASHINGTON, May 6 .- Attorney General STAN-BERRY closed the argument in the Georgia and M s sissippi Injunction cases. He spoke as to general principles, denying the jurisdiction of the Court. There was in these cases no basis of property in which relief could be given. Only two of the ten States affected were here. That the Supreme Court was in the hands of Congress, which might so act as to destroy its efficiency by impeaching the Indices on false accusations, or by denying the salaries acquired for their support. It rests with the people to secure the honesty of the Legislature, and to this basis we must look for the preservation of the right of citizenship and the integrity of the States. The Court adjourned immediately on the close of STANBEBBY's argument.

From Richmond. RICHMOND, May 6.—In the United States District Court, Judge Underwood, presiding. Among the members of the Grand Jury were JNO. M. BOTTS, JOSEPH SEGAR and LOUIS MCKENZIE, also five colored men. The Judge on charge congratulated the Jury that the court, which was threatened with destruction by assassination, thanks to Congress now met in security, this promises better things for Richmond, a city where the press had reached the lowest depths of profligacy; the pulpit had been prostituted by ministers. Gay lotharios and licentiousness had ruled until half the births were illigitimate. The Jury would have a great deal of work, much of it created by the demoralizing of the people by a disloyal press which had encouraged perjury and counterfeiting to cheat the Government. He called attention to the ract that the negroes were not allowed the freedom of the street cars.

The Examiner has information that the session of the Court will be prolonged until the adjournment of the Supreme Court, when Chief Justice CHASE will come here and preside at the trial of Mr. DAVIB. L. H. CHANDLER, prosecuting attorney, is now in

New York consulting with Mr. Evants, Davis' counsel, about the trial. Mr. Davis will probably be brought here on Saturday, and then held by the civil authorities until the trial. Chief Justice CHASE is expected next week.

From New Orleans. NEW OBLEANS, May 6 .- The following named men have been appointed a board by Gen. SHERI-DAN: EFFINGHAM, LAWRENCE, and HARRIS of Plaquemines, J. H. OGLESBY, Parish of Orleans, J. BURN-SIDE of Ascension, W. D. SMITH, of Jefferson, W. L. McMILLAN of Carroll.

A fire broke out yesterday at a manufactory of composition roofing, endangering the gas works and was with difficulty got under; loss \$2000.

The negroes yesterday attempted to get up a riot, taking possession of the street cars appropriated for the use of the whites, refusing to ride upon those appropriated for themselves. On Saturday night the negroes threatened to force entrance into the French Opera House on equality with the whites. They appear determined to take advantage of the temporary reduction of the police force by Gen. SHERIDAN'S order, which was to the effect that half of the old force be discharged and be substituted by Union soldiers.

During a heavy storm last night, another crevasse occurred on the west bank of the river, thirteen miles above the city, endangering the safety of Algiers and the Opelousas Railroad.

Our New York Letter.

FROM OUR REQUIAR CORRESPONDENT.

New York, May 3, 1807. - Contrary to general expectation, the bat de l'opera, given last night at the Academy of Music for the benefit of the Ludies Southern Reliof Association, was not numerously attended, though it was a magnificent and recherche affair. With such names on the committee of management as John J. ASTOR, WILLIAM H. APPLETON, AUGUST BELMONT, Dr. ALEXANDER B. MOTT, CHARLES O'CONNOR, and the like, people had a right to expect great things, wherefore people dia expect them, but were disappointed. The fact of the matter is that when fashionable people attend a ball given for a charitable purpose, ninetenths of them are attracted by the entertainment without much regar I to the object and as the ball season is, so to speak, over now, fashionable folks whose charity begins at home and remains there. remained at home themselves last night.

A fiendish outrage has been perpetrated on patient in the charity hospital on Blackwell's Island of such a terrible nature that had anything me-fifteenth as bad ever been done to a "poor freedman" in the South the press of the country would have fed upon it for weeks, and that vile sheet Harper's Weekly would have worked it up in a hundred different shapes for months to come. Let HARPER give us a cut illustrative of this picture ; a poor, friendless man, (a white man,) lying in the agonies of death on one of the beds in a charity ospital and one of the officers in charge pressing hospital and one of the officers in charge prossing his finger from time to time into the eyes of the dying man inflicting exeruciating agony and causing him to make a desperate effort to turn his head away from his tormentor. Now my object in referring to this affair is to show the injustice of visiting upon an entire show the injustice of visiting upon an entire. community the sins of a few evil minded individuals. A wealthy and respectable old gentleman, who lives on Murray Hill (and who resombles Mr. Mr-CAWBER), was badly taken in yesierday by a knight of the pill box and lancet, who charged him twelve dollars for amputating a troublesome excrescence located in the regions of his great toe. The old gentleman complimented the degenerate follower of Esculapius by calling him (tautologically) cheat, swindler, rogue and thief, whereupon the doctor waxed wrathful, called in a policeman, and arrested the corn-less old gentleman, who informed the magistrate of the exorbitant charge of the physician, and on the latter ackowledging the corn. the magistrate reprimanded him and discharged

Judging from the effect produced by each adverse rumor in Berlin or Paris, an impression would seem to be entertained that any rupture between France and Germany would be a signal for every nation in the world to repudiate its obligations.
